THE BRITISH COLUMBIAN.

NO. 26. VOL. 8.]

THE BRITISH COLUMBIAN.

WEDNESDAY, MAY 13, 1868.

NEW WESTMINSTER, WEDNESDAY, MAY 13, 1868.

[PRICE 6d. or 12cts.

THE PITT RIVER ROAD.

I think that we shall be able to
survey a line for a road from Pitt
River to St. Mary's Mission this year;
but I see no chance of the funds being
immediately forthcoming for its forma-
tion.

Such is the allusion made to this
subject in the speech with which the
Governor prorogued the Legislative
Council, the other day. "I think," says
His Excellency. Truly caution be-
comes the Governor in connection with
an undertaking of such magnitude as
the survey of a line of road, coming
within six miles of this city and ex-
tending thirty-five miles to the river!

It is quite true that His Excellency
has at his disposal a Chief Commis-
sioner of Lands and Works and Sur-
veyor General, an Assistant Surveyor
General, and a host of subalterns,
maintained at an expense of, say, ele-
ven thousand dollars a year; but then
it must be remembered that there is
so much to do in that department,
that it would indeed be difficult to
spare the necessary time for even sur-
veying thirty-five miles of road, with-
out serious neglect of other interests.

Did not the Chief Commissioner in-
form the Legislative Council that re-
trenchment had been carried to such
an extreme length in respect of his
own department that, were it not for
the removal of the capital to Victoria,
he would utterly despair of being
able, with his regiment reduced to its
present, inefficient standard, to get
through with the work? Bless you,
the outside rabble haven't the slight-
est idea of the positive enormity of
the duties devolving upon the Chief
Commissioner. Ignorant and unsophis-
ticated people run away with the
idea that because there are no public
works going on and, therefore, no money
needed for that purpose, and be-
cause there are no people requiring
land there must be little or nothing
to do in that department. This is a
vulgar error, the natural result of
ignorant people's intermeddling with
matters altogether beyond their com-
petence. It is just under such circum-
stances as these that the duties of the
Lands and Works department are the
most onerous and harassing. The
Governor sees "no chance" of the funds
being immediately forthcoming for the
formation of the road which there
may possibly be time to survey. Quite
right Mr. Seymour. Don't allow popu-
lar clamor to induce you to deceive
legitimate expectations and reduce
respectable public officers to poverty.

Your remedy has been to pay the
revenue will prove sufficient to pay
the plethoric salaries of the regiment
under your command. That done, the
residue, if any, can be divided in an
amongst Charitable, Educational, and
other superfluous institutions; and if
by any possibility there should still
remain a few unexpended shillings in
the treasury, why, they may possibly
be utilized in public works, such
as road-making and the like.

But, to be serious, we hope that the
by no means formidable work of sur-
veying the line of road in question
will be speedily commenced. That
would, of itself, do much towards open-
ing up the valuable tract of country
in question. Once establish the site
of the road and settlers would be en-
abled to enter and take up land with
a view to its relations with that road,
and they would have a reasonable as-
surance of ultimate facilities for reach-
ing the markets. There should be no
hesitancy about this work. People
are to our personal knowledge, anx-
iously waiting for it, and we are in a
position to state positively that imme-
diately upon the location of the line
of road a considerable influx of set-

tlers will take place, and that the open-
ing up of the road would be followed
by the most gratifying results. No
one possessing a knowledge of the
magnificent stretch of rich open coun-
try which it is proposed to intersect
and open up by the road in question
will dissent from the opinions we
have expressed. But we must take
exception to the latter clause of the
paragraph from the Governor's speech,
with which this article commences.

The resolution, passed unanimously by
the Legislative Council, and this
question, recommended that after the
work of surveying and locating the
road shall have been completed, the
road should be divided into sections
of, say, a mile each, and given out to
contract, payment to be made, one-
third in money, and two-thirds in
Land Scrip, to be issued by the Gov-
ernment. It was explained by the
Member for New Westminster, in the
course of debate, that the work of
construction might be gradual, accord-
ing to the financial circumstances of
the Colony; that it was not expected
that the whole of the road would be
made this year; that if the Govern-
ment did not feel justified in construct-

ing ten miles, they might construct
five, or four, or three, or two, or even
one mile! It is obvious that enough
should be done at once to show a bona
fide intention on the part of the Gov-
ernment, not only to survey the line
of road, but ultimately to construct it.
Were the question one involving any
considerable expenditure, hesitancy
would be excusable. But the money
consideration involved is really so
trifling, especially when viewed in the
light of results, that for the Govern-
ment to hesitate must give rise to a
doubt as to a realizing sense of duty
and obligation on the part of the Ex-
ecutive. If one might presume to ap-
proximate the probable cost of con-
structing the road in question, we
would say that fifteen hundred dollars
a mile would not be found far from
the mark. One third of that
would of course be five hundred dol-
lars. Thus, for constructing, say, five
miles, two thousand five hundred dol-
lars in money, and five thousand dol-
lars in Land Scrip would be required.
Of for ten miles, five thousand dollars
in money and ten thousand dollars in
Scrip. Why should His Excellency
have penned the latter clause of the
paragraph which stands at the head
of this article? Is it possible that
five thousand dollars, or two thousand
five hundred dollars, or even five
hundred dollars—for that would be
all the money necessary to construct
one section—cannot be spared from
this year's revenue for a work of such
obvious importance? We await a ne-
gative reply to this question from the
Government, and that in the form of
immediate action. Let it not be said
that such legitimate expectations are
to be disappointed; such vital interests
blasted on the ground of such trifling
money considerations as we have
shown are involved. Let not the im-
pression go forth, or, if haply it has
gone forth, let it not gain a permanent
lodgement in the popular mind,
that the Government is so completely
indifferent to the public interest, and
to the permanent prosperity of the
Colony as to allow the question of the
expenditure of a few hundred dollars
to delay even for one year the open-
ing up of an important agricultural
settlement.

ST-1860-X.

A great French Physician says: "More than half the
disease in the world comes from neglect to fortify the
system against changes of climate, weather, and food.
The great secret of health is to keep the condition of the
Stomach and Blood regular and uniform, so that change
from Heat to Cold, from Dry to Damp, &c., cannot
upset the machinery of the Body, and breed disease."
Now, it is a fact, positive and well known, that there
is enough bulwark and assistant for the Stomach as

PLANTATION BITTERS.
This splendid Tonic is now used by all classes of people
for every symptom of a "Stomach out of order."
The secret of its health-giving power is certain
to correct the juices of the Stomach; set all its machinery
to work, and enable it to resist and throw off the ap-
proaching danger. The tendency of the operations of
Nature is always towards a cure; all she needs is a lit-
tle assistance at the proper time. How much more reason-
able and sensible it is to help her along with a gentle
yet powerful Tonic, than to deplete and weaken and de-
fect her curative processes with poisons, drugs and
fury mixtures which only stupefy and plant the seeds of
disease and death.

Important Certificates.
"I owe much to you, for I verily believe the
Plantation Bitters have saved my life."
REV. W. H. VAUGHAN, Madrid, N. Y."
"I have been a great sufferer from Dyspepsia,
indigestion, and general debility. The Plantation
Bitters have cured me."
REV. J. S. CATMOR, Rochester, N. Y."
"I have given the Plantation Bitters to hun-
dreds of our distressed soldiers with the most astonishing
effect."
G. W. D. ANDREWS,
Superintendent Soldiers' Home, Cincinnati, O."

The Plantation Bitters make the weak strong, the lan-
guid brilliant, and are exhausted Nature's great res-
tore.
The public may rest assured that in no case will the
perfectly pure standard of the PLANTATION BITTERS be
departed from.
Every bottle bears the fac-simile of our signature
on a steel plate engraving, or it cannot be
genuine.
Any person pretending to sell PLANTATION
BITTERS in bulk or by the gallon, is a swindler
and impostor. Beware of cheap bottles! See
that our Private Stamp is UNMUTILATED over
every cork.
Sold by all Druggists, Grocers and Dealers throughout
the world.

PLEAS.
Lyon's Macaroni (Swiss Pattern) is pure and certain
death to everything of the Insect species—Flies, Roach-
es, Mosquitoes, Ants, Bugs.
IT KILLS INSTANTLY.
What is peculiarly surprising in regard to this article
is, that notwithstanding its instant death to insects, it is
entirely harmless to us and all domestic animals. It
can be inhaled or eaten with impunity. It bears the
testimony of eminent disinterested chemists that it is
FREE FROM POISONS.

No article has ever given such positive satisfaction in
its reputation is well known. It is easily and readily
used—Directions accompany each flask. Beware of coun-
terfeits.
The genuine has the signature of E. E. Lyon, and the
private stamp of DEAS BARNES & Co. Anything else
of this kind is an imitation or counterfeit. Any druggist
will procure the genuine if you insist you will have no
other.
Sold by all Druggists and Dealers on Pacific Coast.

MEXICAN MUSTANG LINIMENT.
It is an admitted fact that the Mexican Mustang Liniment
performs more cures in shorter time, on man and
beast, than any article ever discovered.
No compound has ever been invented so useful and
efficacious in curing
RHEUMATISM, STIFF & WEAKE JOINTS, BRUISES, SPRAINS, SWELLINGS,
OR any other complaints requiring external application.
FOR HORSES,
It is an indispensable and valuable remedy in all cases of
Spavin, Splint, Ring-bone, Wind-galls, Itches, strains,
&c.
It should be kept in every house, camp and stable.
Accidents will occur. Promptness is efficacy.
All genuine is wrapped in steel plate engravings, bearing
the signature of U. W. Westbrook, Chemist, and
the PRIVATE U. S. Stamp of DEAS BARNES & Co. over
the top.
An effort has been made to counterfeit it with a cheap
stone plate label. Look closely!
Sold by all Druggists and Stores in every town and
mining camp on the Pacific coast.

The British Columbian.

WEDNESDAY, MAY 13, 1868.

THE GOVERNOR AND THE CAPITAL QUESTION.

It would be little better than affectation on our part to ignore the fact that recent action on the Capital question has given public faith in the Government a severe shock, from the effects of which it will take years to recover, if, indeed, recovery be possible. Confidence is a plant of slow growth; which, if nipped while in the tender leaf, by the untimely frost of treachery, will be thrown back, if happily it be not killed outright. It is equally true that recent events have been such as to give rise to the most painful feelings of doubt respecting His Excellency's share in the "Capital swindle". Nor can we be surprised at this. Circumstances do place the Governor in a most equivocal and painful position before the public, in connection with this affair; and it is only upon the principle of assuming a man's innocence until he be proved guilty that the public can possibly be supposed to withhold a unanimous verdict of GUILTY. Taking the whole scope of circumstantial evidence, commencing with the celebrated letter written during the "honeymoon", at *Rue de la Paix*, wherein it is stated in plain terms, not only that the Mainland is the proper place for the Seat of Government, but that "Vancouver Island relinquished all claim to the possession, within her limits, of the Seat of Government," and ending with Message No. 16, wherein His Excellency announces, with a refinement of cruelty worthy of His Majesty Theodore, of Abyssinia, that "the Governor will 'cause to be proclaimed, on the Queen's birthday, the selection of 'the Capital within the town which bears Her Royal name,' taking away, the whole scope of circumstantial evidence—documentary evidence, verbal evidence and, last not least, the silent evidence of actions—one is irresistibly impelled to the admission that the Governor, if not actually convicted of double dealing and treachery of the most extraordinary and aggravated character, is at least the subject of suspicion of the most painful nature. Take the numerous enunciations of His Excellency, both verbal and documentary, as to the indisputable claims of this community to the retention of the Seat of Government, and the open admission made in an official document, that "public faith and honor" were pledged to New Westminster in the matter, take the repeated verbal assurances given to Committees, Deputations and individuals; take all these and range them side by side with more recent utterances and actions, and we honestly confess it would indeed be a bold man who would stand up and assert that the Governor is innocent, that his course of conduct in connection with the affair has been consistent, honest and honorable throughout. Look, for instance, at the act of filling the vacancies in the Legislative Council with men who were known to have peculiar leanings towards Victoria. Look at the appointment to a seat in the Legislature of such a person as Mr. Elwyn, an appointment wholly indefensible, perfectly shocking, when viewed in the light of certain painful antecedents which we shrink with horror from opening up to public gaze at present. Look at the Duke's dispatch, from which it appears that, up to the 13th July last, our Governor was "not yet prepared to recommend the adoption either of Victoria or New Westminster as the Capital of British Columbia," and wherein it is further stated, "I leave the determination of the question still in your hands, merely desiring that it may not be long delayed." And then look at the altered tone as-

sumed by His Excellency in alluding to this affair, as evinced in his Message already referred to, and in the following Message, which has not yet, so far as we are aware, been published: "The Governor lays before the Legislative Council a petition he has received from the Municipal Council of New Westminster, praying for compensation on the removal of the Capital of the United Colony from that city. The Governor personally sympathizes deeply with all those who suffer loss or disappointment by the altered circumstances of the Colony." And, again, in acknowledging the receipt of the Memorial from the Municipal Council, the Governor thus concludes his letter:—"Personally the Governor deeply regrets any disappointments, or losses which the altered state of the Colony may have inflicted on the people of New Westminster." The italics in both instances are our own. Where is Cato now? Where "public faith and honor"? That which in 1867 involved the sacred and eternal principles of "faith and honor," in 1868 has dwindled down to the vague and shadowy nothingness of "the altered circumstances of the Colony." It is only fair, however, in putting in documentary evidence, that we should not withhold part of a letter to the Municipal Council, acknowledging the receipt of a Resolution passed in March last, formally protesting against the proposed removal of the Seat of Government:—"You are aware what was my opinion on this subject; but it must bow to that of my superior officers. I willingly bear testimony to the loyalty, good feeling, self-reliance, and respectability of the people of New Westminster, and deeply regret that I should come to be the instrument of inflicting a temporary injury upon them." Taking the evidence on both sides, and duly weighing every part, it must be confessed that the balance is sadly against the Governor. In order to exonerate him from the grave charge of treachery, and that, too, in respect of a community which had a right to expect very different treatment at his hands, one must be prepared to believe the Downing street authorities capable of double-dealing of the most singular and contemptible character. One must believe that the Governor is studiously placed before the public in an entirely false position; that the statement that His Excellency had not, up to July last, even recommended New Westminster as the site for the Seat of Government, is a piece of diplomatic evasiveness, or, worse, unmanly disingenuousness; that while a despatch, designed for the public eye, professes to invest the Governor with full power, of his own proper volition and mere motion, to establish the Capital either at Victoria or New Westminster, despatches "private and confidential," and which it would cost him his commission to make public, convey to him an imperious command to fix it at the former town! And one must believe, too, that a long training in the service of his country has so indoctrinated His Excellency with the principle of obedient submission to his "superior officers" as to enable him thus to become the scapegoat of the Colonial Office, and unmercifully occupy a position at once so painful and so galling to a gentleman of high birth and breeding. In either case, the position, occupied by His Excellency is far from being an enviable one. If the former proposition be correct he has earned the scorn and contempt not only of this community, but of every honest man in the colony. If the latter proposition be correct, if the Governor has honestly and manfully fought for New Westminster and "public faith and honor" throughout, and if he is now to be led as a lamb to the slaughter, sacrificed to the dishonest, corrupt and corrupting policy of the Colonial Office, then does he deserve the sympathy, we had almost said pity of all. Most anxious are we to believe that His Excellency occupies the latter position; but we must be excused for saying that the public mind will demand additional evidence before arriving at that conclusion.

AYER'S MEDICINES.

This peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in Ayer's Almanac, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alternative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL.

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done. Prepared by Dr. J. C. AYER & Co., Lowell, Mass. Sold by all druggists every where.

IN BANKRUPTCY.

WHEREAS a petition for adjudication of Bankruptcy, bearing date the 21st day of March, 1868, hath been duly filed against Thomas Roper, of Four Mile Prairie, British Columbia, out of business, formerly carrying on business at the 108 Mile House, British Columbia, and in partnership with William Roper, under the name and style of W. and T. Roper as Publicans and Farmers, and he, having been declared a Bankrupt, is required to surrender himself to the Hon. Matthew Baillie Begbie, one of Her Majesty's Commissioners of the Court of Bankruptcy, on the 31st day of March instant, and the 28th day of April next, respectively, at five o'clock in the afternoon, at the Court House, New Westminster, and there make a full discovery and disclosure of his estate and effects when and where the creditors are to come prepared to prove their debts and at the first sitting to choose Assignees, and at the last sitting the Bankrupt is required to finish his examination.

All persons indebted to the said Bankrupt, or that have any of his effects are not to pay or deliver the same but to Charles Edward Pooley, the Official Assignee, whom the said Commissioner has appointed.

W. S. SEBRIGHT GREEN,
Solicitor for Bankrupt.

CURE IS AT HAND!
HOLLOWAY'S OINTMENT

Scorbutic Eruptions, as Sore Heads and Scrofulous Swellings.

If the powerful Ointment be well rubbed into the parts affected, all skin disease will be speedily overcome. It acts by expelling the impurities which clog the system, and restores the blood to its normal state, and operates not locally only, but constitutionally purifying the whole system, neutralizing all diseased humors, and affecting a radical and complete cure. The Pills should be taken as an auxiliary to the Ointment, as they are so prepared as to act in unison with it, facilitating and confirming the conquest of the disease.

Diphtheria, Ulcerated Sore Throat and Quinsy.

The above complaints have for twenty years been treated with Holloway's Ointment and Pills with complete success. The cures have been so remarkable, and so rapid, that these often fatal diseases are now daily cured by these medicines, than even the common sore throat, if taken in time.

The Kidneys, Stone and Gravel.

In these complaints the Ointment almost acts like a charm, providing it is very effectually rubbed over the regions of the kidneys, which it will penetrate and give almost immediate relief, while the Pills should be taken according to the printed directions, when the most extraordinary cures may be effected by this means.

Bad Legs, Bad Breasts, Scrofulous Sores, and Glandular Swellings.

In such cases the Ointment operates surely and with a rapidity that resembles magic. It should be rubbed into the parts affected, after they have been fomented with lukewarm water. The purifying and curative powers of this marvellous ointment have never failed. Any old sore, whether it be a chancre, or a boil, or a cancer, or a glandular swelling, may soon be reduced by the printed directions.

The Action of the Heart, Dropsy.

The last named disease is commonly preceded by irregular action of the heart, and difficult respiration, which symptoms are always severe, and ever go from bad to worse, unless proper means of cure are resorted to. In Holloway's marvellous Ointment and Pills the dropped patient will ever find security; the present relief derived from the use of these remedies is marvellously quick, and favorable to the application of this famous Ointment, as it restores the circulation and absorbent system, that the dropped fluid vanishes, and the patient is restored to health.

Gout and Rheumatism.

May be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts, and this perseveringly, done for some time. It is no use to smear it on the skin only; it must be got into the system. Take a few Pills nightly as will act on the system, and all ailments, when these complaints are treated by the system, the violence of the complaint frequently seems to increase.

Indiscretion of Youth.

Scars, ulcers and swellings can with certainty be cured if the Ointment be thoroughly rubbed all round the complaining parts twice or thrice a day, keeping them covered with linen rag spread with the same.

The Pills must be taken according to the printed directions. The blood being in an impure state, perseverance is necessary. From humane motives letters of advice will be answered gratuitously. To save carriage the Pills should be obtained in the neighborhood of the sufferer, and not from Holloway's Establishment.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Charred Hands,	Scalds,
Bad Breasts,	Contracted and Sore Nipples,	Scrofulous Swellings,
Burns,	Stiff Joints,	Sore Throats,
Bunions,	Elephantiasis,	Skin Diseases,
Itch of Mosquitoes,	Fleas,	Scurvy,
and Sand-bites,	Swollen Testicles,	Sore-heads,
Coco-bay,	Glandular Swellings,	Tumors,
Chilblains,	Lumps,	Wounds,
Cancers,	Piles,	Yaws,
Chilblains,	Rheumatism,	

Sold at the establishment of Messrs. Holloway, 221, Strand, (near Temple Bar) London; and by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—12d, 2s, 3s, 4s, 6s, 1s, 2s, and 3s each Pot.

There is a considerable saving by taking the larger size. N. B.—Directions for the guidance of patients in every disorder are affixed to each Pot.

FOR SALE.

SIXTY-FOUR acres of excellent land situated on the South bank of the Fraser River, nearly opposite the Camp. One-half of this land is open prairie, quite above high water mark, and covered with good grass.

Ayer's SARSAPARILLA.

THE WORLD'S GREAT REMEDY FOR Scrofula and Scrofulous Diseases.

From Emory Edes, a well-known merchant of Portland, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pastules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. John Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Danversville, Cape May, N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of enamelled paper in New York, N. Y.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an insupportable affliction. I tried almost every thing a man could do both with medicine and without, but without relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new blood began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease."

I know of no other person who has been so completely cured by your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Smith, Hamilton St., New York.

"DR. AYER. I seldom fail to remove Eruptions and Scrofulous Sores by the persevering use of your SARSAPARILLA, and I have just now cured a case of Malignant Erysipelas with it. No alternative we possess equals the SARSAPARILLA you have supplied to the profession, and well it should be."

From J. E. Johnston, Esq., Wadsworth, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and soon your Pills began to do me good. I had not taken more than a few bottles, and the ulcers were healed, and the arm was saved."

"I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all who hear of it."

From Hon. Henry Moore, M. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for several diseases, and for purifying the blood, with very beneficial results, and feel confident in recommending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scalds, Head, Sore Eyes.

From Harvey S. Scher, Esq., the able editor of the Tribune, New York.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and violent sore, which covered his face, and actually blinded his eyes for some days. A skillful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded him, and he was kept in bed, until we had given up all hope. Having tried your Pills, we began to feel better, and we began to give him your SARSAPARILLA, and applying the ointment of potash lotion, as you direct. The child's eyelashes, which had come out, grew again, and his eyes were healthy and as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Henry Smith, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effective remedy for the secondary symptoms of Syphilis and for syphilitic disease than any other we possess. The protection is indicated to you for some of the best medicines we have."

From J. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that try too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alternative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the extensive use of Dr. AYER'S SARSAPARILLA, effected a cure. Few cases can be found more inveterate and disgusting than this, and it took several dozen bottles to cure him.

Leucorrhoea, Whites, Female Weakness, are generally produced by internal Scrofulous Ulceration, and are very often cured by the alternative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skillful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrell, of Cincinnati.

"I have found your SARSAPARILLA an excellent alternative in diseases of females. Many cases of irregularity, Leucorrhoea, internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhoea of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia, are rapidly cured by this EXT. SARSAPARILLA.

when caused by Scrofula in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

MOORE & Co., Agents, Victoria, V. I.
Sold by H. W. SMITH and D. JONES, New Westminster, and by every dealer in the Colony.

ADVICE GRATIS!
HOLLOWAY'S PILLS

To Purify the Blood.

These Pills have been placed by the common consent amongst the best of all remedies for removing dangerous poisons from the blood, and cleansing all the tissues of the body. They have saved thousands year after year from falling a sacrifice to the effects of dyspepsia, constipation, diarrhoea, constipation, liver complaints, &c., &c., attested by myriads of witnesses. Excessive weakness and debility, the warnings of decaying organic energy and vital decay, are restored and reanimated with vigor and healthful action in every organ throughout the system, by the restorative and exalting influence of this medicine.

Female Complaints.

All disorders of the sex, and diseases in every crisis perilous to the life and health of woman, youthful or aged, married or single, may be radically and quickly cured without risk or trouble, by a few doses of these Pills, taken according to the printed directions.

Indigestion with languor and want of energy.

When taking these Pills, rub Holloway's celebrated Ointment over the pit of the stomach, and over the region of the liver, on the right side under the ribs, and you will at once experience a change for the better in your indigestion, spirits, appetite, strength, and energy. The improvement, though it may be gradual, will be thorough and lasting.

DROPSY.

The efficacy of Holloway's Pills in dropsy is extraordinary. They act with such peculiar effect upon the system, that the fluids arising from this diren disease are imperceptibly carried off and prevented from any further accumulation. The sufferer regains a buoyancy of spirits and vigor in a comparatively short time, and the Ointment should be judiciously rubbed into the complaining parts.

Stomach, Liver, Kidneys and Bowels.

Those who suffer from bile and liver complaints, should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, removing all the fluids arising from this diren disease or bilious attacks be allowed to continue, serious casualties may arise, and the sufferer be consigned to a bed of sickness, in all diseases of the kidneys, the Ointment should be well rubbed into the small of the back, once or twice a day; and the Pills taken in union, will cure any complaint arising from these organs.

Puffy, Shortness of Breath with Weakness.

Very bad symptoms, which if not corrected,
